Showcase description

BBoard Communication is a partner specializing in communications and promotion of products and services at point of sale and not through conventional channels. For over ten years, BBoard relies on its structure, strong and yet lightweight, dynamic, able to adapt to the demands of the customer with an integrated service from design to implementation of promotional strategies for this purpose. BBoard offers: new media of communication, know-how and experience, strategic planning and operational management. Innovation, strategy and service are our keywords!
