Showcase description

Over 5 million people prefer Fotolia.com for affordable, royalty-free images, graphics and HD videos. With the introduction of the Infinite Collection, Fotolia became the first worldwide microstock organization to offer both crowdsourced and professional images on one site. Founded in New York City in 2005, Fotolia spans the globe with websites in 15 languages and websites in 23 regions. Buyers access over 30 million images, vectors and videos at great prices, while contributing artists receive the highest commission rate on the market. Fotolia's trusted business platform and technology helps facilitate millions of downloads every year. All images offered on Fotolia are royalty-free, and can be used for any design project or document, with no time limits. Fotolia closed its business at the end of 2019 and was integrated into <https://stock.adobe.com/photo>
