Internships Available: No

Showcase description

Hello, I'm Luana, 35yrs old. Since when I was a kid, I have a strong passion for writing, so there's no better thing than to turn my passion into a job! It has already happened, I've worked as a copy for many communication agencies, I see every target to impress like a challenge I like facing and even more winning! My favourite hobby is to write tales and fan-fics, because fantasy is like a river that broke its banks: let it flow! I'm looking for a new job, even part-time job, as a copy, web marketing/SEO specialist, press officer, data entry. Call me! +39 3381977033 luana.arfani@gmail.com
