Showcase description

I'm a 22 year old freelance illustrator with self-taught experience in figurative drawing. I have a professional training of Sales Assistant and I studied 2 years of Graphic Design and Marketing. I prefer traditional techniques and I master various artistic materials but I can also draw digitally with the graphic tablet using different drawing programs and photo editing. I would like to work remotely as an illustrator, but I am also interested in other roles in the artistic field. Thank you for your attention.

e delonette e una torre.

Il Calamaro lo avvolge
in una coperta mentre
scappa e scappa
il volto non lo vedo di
chi apre la porta di
una cantina buia e si
spara un colpo.

Muio per finta, poi
scappo ancora.

Alla fine della notte il
Calamaro è acciaccato
un po' smentellato
un po' addormentato
un po' infreddolito
con un occhio soltanto
vuol dirmi le parole
dell'addio.
